

Please find below the details and procedures of our After School Care (ASC) programme for the upcoming 2024-2025 school year.

Aim and Purpose

ISU After School Care is an additional offering intended for parents of ISU students who are working and therefore cannot pick up their child at the respective end of the students regular school day.

Pick up from ASC

Pick up from After School Care will be possible at designated times based on the times the students have been signed up for. Pick-up is always on the hour.

The designated pick-up times will make it possible for ASC staff to organise games with the students without being interrupted.

The students will be brought to the playground entrance (next to parking) automatically based on registered times.

For example:

EY student registered on Monday from 15:00 - 16:00 -> pick up at 16:00

Grade 4 student registered on Friday until 16:00 -> pick up at 15:00 if stated in the registration or at 16:00.

Terms & Conditions

ASC fees are non-refundable. This includes closure of the school due to force majeure or for example, the result of extreme weather conditions. The same applies to the short or long term suspension or (final) expulsion of the student and the ensuing termination of the contract with ISU.

Based on registration numbers for ASC ISU has the right to determine a maximum of students per day. In this case the full year sign-ups will have priority.

Further terms and conditions will be mentioned in the registration form for ASC.
